

- **Immigration - Sound Advice & Professional Service.**

Living New Zealand (formally Golden Sands Migration) specialises in providing professional immigration advice, together with employment and resettlement support, to migrants wanting to live and work permanently in New Zealand.

Our immigration advisers are licensed by the New Zealand Government so you can be confident you will receive sound advice and professional service at a fair price.

The immigration and employment process is challenging and requires good planning, time and patience. It's our job to guide you through the entire process and make sure you know what to expect. We have a thorough understanding of the complexities of New Zealand immigration policy and the practical realities of the migration process.

- **Pathway to Employment - The Right Job for Your Visa**

In most cases, migrants need an offer of full-time skilled employment in order to meet requirements for a New Zealand visa. There are certain criteria that your job offer must meet. Finding the right job can be tough when you don't know the New Zealand job market or understand the way our local business works.

The Living New Zealand team has relationships with reputable employers and recruitment agencies across the country. While we are not a recruitment agency, we will use our contacts and knowledge to help you find skilled employment that will satisfy requirements for your visa.

- **Relocation & Resettlement Advice**

As part of our services, the Living New Zealand team provides advice and information on relocating and settling in New Zealand. We will use our knowledge of day-to-day living in New Zealand to help you start your new life in our country. We also have partnerships with relocation and resettlement experts who specialise in working with migrants.
