

PSS International Removals

PSS International is proud of its reputation as the UK's number one International Removal specialist. We are a family business specialising in moving families overseas. PSS have been established for over 28 years and we have successfully handled thousands of International removals. PSS only handle **International Removals** (we do not handle local moves within the UK). We are members of **BAR OVERSEAS** and all our customers are covered by the **IMMI** pre-payment guarantee. PSS is also a member of **FIDI** and we have achieved **FAIM** accreditation which is the only quality standard recognised world-wide as the benchmark for the International Moving industry.

PSS offer a competitive service from anywhere in the **UK** to anywhere in **New Zealand**. We understand relocating your family and your sentimental belongings to another Country can be stressful and for this reason we offer each customer a personalised service by assigning a professionally trained team of Removal Coordinators who take a personal interest in your move assisting you every step of the way.

In the first instance we recommend that you arrange a home visit from one of our experienced estimators. Many migrants request estimates between 6 and 9 months before their leaving date which helps them to plan and budget ahead.

The estimator will assess your volume, discuss your packing requirements, answer any questions or queries you may have and check the access to the property. This is a **completely FREE no obligation service**. Following which we will provide a written estimate detailing the complete service.

For your free New Zealand **information brochure** call or visit our website for general customs information. Web: www.pssremovals.com - telephone: 0208 686 7733 - email: info@p-s-s.co.uk
